

# IT'S BETTER TO BURN OUT THAN FADE AWAY

"Broken Promise Records: Remastered" is the re-release of A.P. Miller's debut novel! The book is about a group of young adults that should have the whole world in front of them, but circumstance has kicked them in the teeth, time & time again.

When you think of the typical rockstar story, you think of excess & fame, but there is a much darker side to the world of the aspiring musician. "Broken Promise Records: Remastered" is the story of Hendrix Wilson & his group of friends, trying to make their way through the world on their terms. While famous bands on riding tour busses, Hendrix's band was riding in a van, when an accident destroyed all of their instruments, & hopes by proxy. After recovering from brain surgery, and dying on the operating table, Hendrix resolved to give it everything he had to be a success in the music world, but happy endings are only guaranteed in fairy tales.

The human beings in "Broken Promise Records: Remastered" are flawed, have the chips stacked against them, & wouldn't have luck at all if it weren't for bad luck. This book focuses on the "Do It Yourself" spirit of punk rock, the rebellion of rock n' roll, & the resilience no one knows they have until it's time to need it.

As a youth, A.P. Miller was very involved in his local music scene, & a lot of the stories in the book were inspired by the people A.P. was surrounded by.

**If you had died on an operating table, & were revived, how would you live your life after that?**

**A Literary Fiction novel about betting everything on your only hope.**

## REVIEWS & PRAISE

*"I thoroughly enjoyed this book. Once I started it, I couldn't stop reading. The characters are all believable and the story a true depiction of some of the trials and tribulations and successes faced by young people. Can't wait for the next book by this new author!"*

*"I just finished the book. Literally took me just 2 days...i got hooked and couldn't stop. I Loved it til the very end."*
